

ADDITIONAL PRODUCTS/SERVICES – Ask us about them!

Whilst we carry out works on site there may be opportunities for us to install additional measures to further protect yourself and the property from pest intrusion and infestation. Please see listed below just a few of our other products and services available for you to have a look over – don't hesitate to ask us about what else we could be doing to protect your property from future pest intrusion.

**** All prices of services are subject to travel and availability – prices may vary depending on the specific pest issues that you're seeing at your property****

Product/Service available	Price Including VAT	Description of product/service
Standard Pest Control visit/Monitoring Visit	£65.00 + VAT	<i>To get a professional pest controller on site to check out current activity and make recommendations on site.</i>
One-Off Pest Survey – (To identify pest issues)	£120.00 + VAT	<i>To get a professional pest controller on site to carry out on-site survey to find problem areas and make recommendations of fixes going forward.</i>
Monitoring Bait Station – (including monitoring bait)	£28.00 + VAT	<i>1x Monitoring bait box to be installed on site including bait to be replenished on site.</i>
Carcass disposal	£45.00 + VAT	<i>Sometimes when installing bait this can cause activity of rodents to die on site. Return price for us to come to site and dispose of rodent carcass' accordingly.</i>
Rat Traps	£8.02 + VAT	<i>Additional rat traps on site to alleviate current activity.</i>
Mice Traps	£4.45 + VAT	<i>Additional mice traps on site to alleviate current activity.</i>
